

Tell a friend about STUDIO KIDS Management!

We are now accepting NEW registrations for minor children to become 'Background Extras'

STUDIO KIDS Management is a Background Extra's management company for children in the Entertainment Industry. We have been in business since 1998 and have offices in Los Angeles and satellite office on the Gulf Coast. We have been interviewed on "ET-Entertainment Tonight" & BBC Radio for the many outstanding children within our company that are featured on many feature films and television projects. Basically, we help manage children from the ages of 15 days old to the child's 18th birthday in non-speaking, background or atmosphere work and we specialize in twins, triplets & quadruplets too!

Many production companies call Studio Kids regarding children for background work as 'Extras' in various television shows, feature films, commercials, music videos, and some print-work. Studio Kids helps guide you appropriately for your new adventure in the entertainment industry with you and your family, and help protect your family standards and values in future projects that may come your way. Studio Kids has been in operation for more than 16 years by Lisa Santillan, a Christian mother of five children, including a set of twin boys!

Registration is FREE at sign-up - No classes, no fancy photos!

HOW TO REGISTER

Go to our website and download the Studio Kids Packet from our website www.studiokidsmanagement.com (fill it out completely). Send your child's photo and all your pertinent documentation to our LA office. We will process all the paperwork in the office and send you a confirmation letter when everything is complete.
